Laziness.

The graduating exercises of the class of 1905 were held at Union Seminary yesterday morning at 11 o'clock. The annual address before the class was delivered by Rev. F. T. McFaden, D. D. of the First Presbyterian Church, Richmond. After reminding the young men of their position upon the very threshold of their active life work. Dr. McFaden proceeded to call their attention to some matters of practical importance which they must face as they enter upon their work. There is a prevalent idea that ministers are peculiarly exempt from temptations, and while this is true as regards certain forms of evil, yet the minister must be continually on his guard lest he come to regard himself as belonging to a privileged class, and thus bring represent upon the cause; he will always be tempted to infidelity in the delivery of the word, but or the sospel and cannot refrain from preaching the whole message which has been delivered to him; he must be earreful that he fall not into habits of indidence and laziness; that he avoid sensationalism making the church and the religion of Christ as attractive as possible in every legitimate way, but standing aloof from those methods adopted by some to draw a crowd, while at the same time the purity of the gospel is neglected; he must avoid pedantry and present the truth in simple garb, so that it may reach the hearts of men and not be lost if a maze of obscure tennical words and phrases; and mest important of all, the minister must see to it that in the round of duties and responsibilities which he must meet he neglect not his own spiritual life, which must needs have continuous supplies of grace if the great work would be done successfully. In conclusion Dr. McFaden assured the class of his warmest sympathy and prayers as they enter upon their great work.

President's Reply to Protest of Labor Leaders.

CHICAGO, ILL, May 10.-A worded protest against the sending of Federal troops to Chicago was submitted to President Roosevelt this afternoon. The protest is signed by C. P. Shea, president of the International Brotherhood of Teamsters; Charles Dodd, president of the Chicago Federation of Labor, and by other labor lenders.

other labor leaders.

The employers have repeatedly spurned the request of the labor leaders for arbitiation, the protest declares, and bonsted that Federal troops would back up the employers' side of the controversy. "Peace," says the protest of the labor leaders, "rests not upon the militia or the army, but upon the patience and long suffering of the toiling mass. Can a few soldiers scare the men who make armies and who compose the flower of American manhood?" Declaring that the workers will abide by the decision of an arbitration, even should that decision fail to be all that might be hoped for, the appeal to the President closes with the request that he consider all the facts in the case before he permits any abuse. request that he consider all the facts in the case before he permits any abuse of Federal power in complying with a request for troops.

The President told them that no demand had been midupon him for the use of troops in Chicago upon him for the use of troops in Chicago. He said he regretted that the protest should have spoken of the Federal army as it did. He declared that Major Dunne had his hearty support in suppressing mob violence and concluded:

"I am a believer in unions. I am an honorary member of one union. But the union must obey the law just as the corporation must obey the law, ist as every mas, rich or poor, must obey the law, As yet no action

has been called for by me, and most certainly, if action is called for by me, I shall try to do exact justice under the law to every man so far so I have power. But the first essential is the preservation of law and order, the suppression of violence by mobs or individuals."

Communication with Blacksburg was cut off by the heavy electrical storms nearly the entire afternoon, and the college phone was so disabled that no communication could be had with the college to-night. Judge Nicol alluded to Flyshugh Lee. "We recall a man who sorved under two flags and was loyal to both. To-day he sleeps in beautiful Hollywood, his new grave covered with flowers expressive of the love and grief of a State and a nation. May angels guard his tomb. There sleeps nowhere a nobler, knightler American than Fitzhugh Lee."

The applause was deafening and lasted some moments. The Judge eulogized Virginia and concluded by again bidding welcome to the Army of the Potomac. "Columbia, the Gem of the Ocean" was sung by the audience with so much earnessness and vigor that when it was concluded a cheer went up and soon the windows were rattling with applause. The keynote of General King's response to the addresses of welcome was pride in the valor of Americans who fought in the war of forty years ago. Rev. Newell Dwight Hillis, pastor of Henry Ward Beecher's old Plymouth Church, delivered the annual address before the society. A tribute to Robert E. He piles up splendid sentences until, as he reaches the capstone, his hearers are sendy to stand up and cheer. He was a boy when the war fought, but he has been a great student of the mighty drama of forty years ago, and he declared it was immeasurable benefit to those of a younger generation to pause upon a day like ning to be realized by the people of this city.

The applause was still ringing in his ears when he began with a tribute to the Army of Northern Virginia and to the Army of Northern Virginia and to Lee. "Think of it; for four years Lee kept us from getting from Washington to Richmond. How far is it?" "One hundred and twenty miles," said Mr. Rixey. "Four years to go one hundred and twenty miles," resumed General Sickies, shaking his head lugubriously, But we got there. The army, which defeated an army like that of Northern Virginia, led by a soldier like Lee, is entitled to imperishable glory."
